Customer Acceptance Report

Revision 1.0

As Of: 19 April 2016

Purpose:

The purpose of this document is to make sure we as a team (Team Hotpsotter) has met all requirements of our client (Dr. Igor Crk). The client is to use the product and check functionality. Referencing the client specified requirements to make sure they are implemented and the client's needs are met. The client is to comment on any functionality that he does not approve of so the team can address any short comings. This document will be the official transcript of the client's satisfaction or lack thereof.
